

Medium-sized walk-behind scrubber dryers - two different drive systems

The VIPER FANG 20 and 20 T are medium sized walk-behind scrubber/dryers. Through platform design, we can offer these machines at an attractive quality/price level. Simple and easy to use control.

The VIPER medium-sized walk-behind scrubber/dryers are robust (rotationally moulded housing), reliable and service friendly. With the ergonomic design you can easily see the floors around the machine. You can choose between a pad/brush assist drive system (FANG 20) or a variable speed transaxle drive (FANG 20T). This platform has an on-board charger as standard.

PRODUCT FACTS

- Easy to use and service
- Optimal suction power
- Easy to manoeuvre and transport
- Heavy duty aluminium squeegee assembly
- Ergonomic design
- Extra set of squeegee blades on board
- Ready to use
